PROFISSIONAL SUMMARY

Computer Technician with a focus on Full Stack Web Development, specializing in the creation of modern, responsive, and user-centered web applications. Currently advancing my career as a Full Stack Developer by strengthening my front-end skills with **React** and back-end expertise using Node.js, Express, and NestJS.

I have developed practical projects involving application integration, user authentication, RESTful API development, and relational database management. I am also expanding my knowledge in Cloud Computing, with a focus on Amazon Web Services (AWS), application hosting, cloud infrastructure, deployment practices, and Docker for creating and managing development environments.

I am seeking an internship or entry-level Full Stack Developer position where I can apply my technical knowledge, continue growing professionally, contribute to efficient and scalable solutions, and gain hands-on experience in a collaborative development environment.

EDUCATION

Internet Informatics Technician - IFPE | Feb/2023 - Dec/2025

Bachelor's Degree in Computer Science - UFAPE | Oct/2026 - Enrolled

AWS re/Start Program - Escola da Nuvem | Feb/2026 - Jul/2026

TECHNICAL SKILLS

HTML5 | CSS3 | SASS/SCSS | Tailwind CSS | Bootstrap | JavaScript (ES6+) | TypeScript | React.js | Node.js | Express.js | NestJS | PostgreSQL | SQL | Git | GitHub | Linux | APIs RESTful |

Full-Stack Web Development | Software Architecture | Front-end & Back-end Integration | Version Control |

Cloud Computing | Amazon Web Services (AWS) | AWS EC2 | AWS S3 | AWS IAM | AWS RDS & Aurora | AWS DynamoDB | AWS API Gateway |

Computer Networks | Computer Maintenance | Agile Methodologies | Responsive Web Development | UI/UX

SOFT SKILLS

Problem Solving | Analytical Thinking | Continuous Learning | Proactivity | Teamwork | Effective Communication | Organization | Time Management | Adaptability | Self-Motivation | Attention to Detail | Critical Thinking | Collaboration | Commitment

EXPERIENCES

Freelancer – B&B Store | Aug/2025 – Sep/2025

- Responsible for developing the store's virtual catalog page.
- Built the front-end using HTML, CSS, and JavaScript, with a focus on responsive design and usability.
- Designed and managed the database using Supabase.
- Integrated the user interface with the database to dynamically display product information.
-

PROJECTS

Full Stack Developer – Green Label | Jun/2025 – Oct/2025

- Responsible for the end-to-end development of the application, including both front-end and back-end.
- Developed user interfaces using Next.js and styled them with Tailwind CSS.
- Implemented the back-end using NestJS and Prisma ORM.
- Leveraged Generative AI to accelerate development and prototype new features.
- Focused on clean code organization, seamless integration between application layers, and rapid feature delivery.

LICENSES, CERTIFICATIONS & BADGES

Amazon Web Services (AWS)

- AWS Certified Cloud Practitioner | 2026
- AWS re/Start Graduate | 2026

Escola da Nuvem

- AWS re/Start Program | 2026 | 480 hours

Kodie Academy

- Back-End Development with Node.js & Express.js | 2026 | 40 hours

IFPE

- Introduction to Programming Logic II – Python | 2024 | 40 hours
- Introduction to Power BI | 2024 | 25 hours

IFPE, FBJ, UFRPE & UABJ

- Git & GitHub: From the Basics to Pull Requests | 2025 | 4 hours

MoviPlu

- Git & GitHub | 2026 | 2 hours
- HTML5 | 2026 | 5 hours
- CSS3 | 2026 | 8 hours
- Bootstrap 5 | 2026 | 5 hours

LANGUAGES

- Portuguese - Native
- English – A1
